## Greater Atlanta Diving League Rules

Purpose: To promote and administer a competitive inter-pool diving program within the League.

1. **Diving Team Chairperson:** The person designated by a member club to represent that respective team in League affairs. The team chairperson or his/her representative shall be present at all meetings of the League and shall be present at all diving meets involving his/her club. He/she shall assist the Referee in order to ensure smooth operation and conduct of the meet. Any procedural question regarding the League shall be presented to the Diving League Coordinator through the Diving Team Chairperson.
2. **Membership Requirements:** Only active members of **dues-paying** families of a club may represent that club in League competition. No non-member, regardless of age, may compete for that specific club. Each club is allowed two (2) member of its coaching staff, who are not a dues-paying member, to compete for the club so long as age eligibility requirements are satisfied. A diver may represent only one (1) team within the League. A coach can dive if he/she is a dues-paying club member. Club membership is determined by each club's bylaws.
3. **Team Roster:** All member teams must prepare a complete roster by age group with the participant's name, date of birth, email address, address and phone number prior to the first dual meet. Any addition should be reported to the Diving League Coordinator. Each team must have an updated roster available at each meet. Only divers whose names appear on the roster may compete, otherwise they will be considered exhibition divers.
4. **Age Groups:** 6 & under, 7 – 8, 9 – 10, 11 – 12, 13 – 14, 15 - 18. Maximum age is 19.\* **Diver's age for the entire season is his/her age as of June 1<sup>st</sup>.** Divers may dive up in an older age group. \*Divers 19 years old in the 15-18 age group are limited to those enrolled in high school as of February 15<sup>th</sup> of the current year.
5. **Rules:** The current issue of The United States Diving Rules and Regulations shall govern all diving functions, except as noted in these rules.
6. **Penalties:** Any infraction of the Diving League rules shall be handled by the Diving League Coordinator or his/her appointed representative. If there is an infraction that is not settled by both teams, it should be put in writing and sent to the League Coordinator within 24 hours. If a coach did not put down all the dives for a diver, it can be added on the diver's sheet before the event starts. If the missing dive is not caught until after the start of the event, the dive may be added with a two (2) point deduction.
7. **Cancellation:** In the event of inclement weather during a scheduled meet, a one hour waiting period will be observed before postponement, unless safety is a concern or the coaches call a clear-win situation. See inclement weather rule in Dual Meet section. Both coaches and/or team representative will agree on the make-up date. The make-up meet shall use the same line-up; no substitutions are allowed. All make-up meets must be scheduled before the League Championship Meet.
8. **Judges:** Judges for all meets must be certified at the time of the meet.\*\*
9. If the difference in team scoring is five (5) points or less in a dual meet, all sheets need to be turned in to the League Coordinator within 48 hours of the meet completion for review. Failure to do this will result in a forfeit. Each team is responsible for its team's diving sheets.

\*\* A judge's certification clinic will be held prior to the start of the dual meet season. All clubs need to encourage its parents to become certified. Coaches must be certified.

## Dual Meet Format

1. Procedure: The home team is responsible for the preparation and conduct of the meet. Contact should be made with the visiting team concerning start time, date, pool location, judges and any other information. The visiting team shall have the authority to appoint the Meet Referee.
2. Schedule: Dual meets will be conducted on Wednesday evenings. Upon mutual agreement of the teams, the day may be changed. NO meet shall begin prior to 5 p.m. unless mutually agreed upon. If both clubs have a 3-meter board, a diver can do as many dives on the 3-meter as he/she wants to do.
3. Conduct of Events:
  - a) Divers may perform any dive from either the 1 or 3-meter board providing both clubs have a 3-meter. The level used for each dive should be marked on the diving sheets.
  - b) If either team has only a 1-meter board at its home facility, all dives shall be from the 1-meter level.
  - c) Diving sheets shall be filled out in its entirety before the warm-ups for the meet. Check DD's carefully. Once a diver's name is on the score sheet, it must remain as is. Any changes will result in exhibition status.
  - d) Dives may be changed up to 30 minutes before the specific event. After that, a two (2) point deduction will be made on any dive changes. Positions may be changed immediately before the dive without penalty. However, if the position change is an increase in DD, the DD will remain as listed. If the new position is a decrease in DD, it will change to the true DD. The lower DD will always prevail. For example, if a 201A is changed to a 201B, the DD will be 1.6 in position changes. If a 2 point deduction is made, the true DD will prevail.
  - e) If a team does not have a diver to enter in a particular event, the opposing team shall be awarded the points for first and second place, providing the team has at least two (2) divers. Additionally, no contest need be conducted unless requested by the opposing coach.
  - f) A diver may elect to take a zero (0) on one (1) dive, without prejudice, and remain in the contest. This will provide a contest for all skill levels of competition. It will eliminate the danger of trying dives without preparation and will create a desire and need for young exhibition divers to learn a full list of dives. The diver must be present to pass the first dive. A three (3) minute waiting period is allowed on the first dive. If a diver fails two (2) or more dives, no team points will be awarded.
  - g) Score sheets – home and visitor teams keep one copy each. The third copy gets mailed, faxed or dropped off to the Diving Coordinator, Vicky Sanchez Tuymmer, by the following day. If there is a first place tie, add 5 + 3 for first and second and divide by 2 so each team gets 4 points and drop to 3<sup>rd</sup>. place. If there is a second place tie add 3 + 1 and divide by 2 so each team gets 2 points and drop to 4<sup>th</sup> place. If there is a third place tie, then each team gets ½ point and drop to 5<sup>th</sup> place.
  - h) Any changes in line-up after the meet starts will result in the dives being counted as exhibition.
  - i) The Referee will announce a three (3) minute completion time of a dive. If it is not executed within that period, the dive will be considered failed.

4. Events: All events shall be conducted by the following age groups: 6 & under, 7 – 8, 9 – 10, 11 – 12, 13 – 14 and 15 & over. All front dives have a 1.7 DD. No jumps in competition on 3-meter, nor on 1-meter for 11 – 12, 13 – 14 and 15 & over.

5. Number of Dives:

6 & under (3 total dives)

1m front approach with a jump (100) DD 1.0 or 3m front line up DD 1.0

Forward Dive (101) DD 1.7  
1 optional dive

1m front approach with a jump (100) DD 1.0 or 3m front line up DD 1.0  
1m back approach with a jump (200) DD 1.0 or 3m back line up DD 1.0  
Forward Dive (101) DD 1.7

15 & over (5 total dives)

Forward Dive (101) DD 1.7  
4 optional dives

- a. The required dive for each event shall be number 101, forward dive. Divers have their choice of positions.
- b. No balks will be called for 6 & unders in dual meets. They should be judged accordingly.
- c. The following dives are not allowed: 5111, 5211, 5311, and 5411.
- d. All optional dives must be listed on the FINA DD table.
6. Participation: There is no limit to the number of divers in any age group.
7. Awards: Ribbons will be awarded for 1<sup>st</sup> through 6<sup>th</sup> place. All other participants will receive an exhibition or participation ribbon. The host team is responsible for the 1<sup>st</sup> through 6<sup>th</sup> place ribbons. Participation ribbons are the responsibility of each individual team.

8. Judging: A minimum of three (3) judges is required for each event; a five (5) member panel is strongly recommended. Each team shall provide at least one (1) certified judge per event, and the home team shall be responsible for completing each panel of judges. A judge from the visiting team may act as Referee. If the visiting judge does not want to act as Referee, it may be done by committee. If the host team cannot furnish two (2) certified judges, the visiting team may furnish two (2) judges. *If a coach is judging, please refrain from interrupting the flow of the meet by excessive encouragement from the judge's chair.*
9. Diving Order: The visiting team shall have the choice of alternating position in its diving order. The team may choose to dive in the odd or even positions from the front or back of the lineup.
10. Scoring: Team points to be awarded for individual place finishes in each event shall be:

1 <sup>st</sup> place	5 points
2 <sup>nd</sup> place	3 points
3 <sup>rd</sup> place	1 point

The maximum points awarded to one team are eight (8) in each age group. The opposing team will be awarded one (1) point so long as they have a diver in the water for that event. If there are no divers, the point for the opposition is lost.

The scoring table should have a representative from the opposing team working during each event.

Dual Meet Trophies: Trophies shall be awarded to the team accumulating the most wins in each division. If two teams tie for first, head to head competition determines the winner. Number of wins prevails over winning percentages.

11. Inclement Weather: The decision to delay/resume or reschedule a meet due to inclement weather should proceed as follows:
  - a. If the meet is delayed more than one hour due to inclement weather and there is a decisive winner (25-point lead or more), then the meet can be called and the leader takes the win.
  - b. If the meet is delayed more than one hour due to inclement weather and there is no decisive winner (25-point lead or more), then you have the option to:
    - i. Continue to wait out the inclement weather
    - ii. Agree to reschedule to a mutually agreeable day and time
    - iii. Agree to a tie

If no agreement can be reached, then the leading team makes the decision to either reschedule or take a tie.

In the event of inclement weather during a make-up meet you can try to reschedule, call a clear-win situation if both teams agree, or both teams may be awarded a win.

The coach and/or team representative must represent a team during these discussions. There can be a clear-win situation with less than a 25-point lead.

Each team must provide the League Coordinator with a complete roster by age group including name, address, phone number, email address, date of birth and graduation year. The League Coordinator will enter in the divers' personal information into DiveMeets.com and receive the user ID # and password for each diver which will then be forwarded on to each team so that the team may enter the dives into the system. If a diver already has a user ID # and password (most US Diving and High School State Championship competitors do), that information must be sent to the League Coordinator, as well, so that the profile may be updated.
  - c) Each club must enter its divers and dives into the DiveMeets.com system no later than 12 Noon, seven (7) days prior to the Championship Meet (June 19<sup>th</sup>). Additionally, entry fees and a copy of the team roster must be turned in to the Diving League Coordinator by the same deadline. The entry fee is \$7.50 per person. Changes ten (10) and higher may be made for \$5.00 per change. After 12 Noon the day before day one (1) of the meet, any other changes in the diving order will result with the dive having a two (2) point deduction. Everything is considered one (1) change except a position change. Once the meet begins, positions may be changed before the dive and the lower DD will prevail, same as in a dual meet.

Up to:	No Fee	\$1.00 Fee	\$ 5.00 Fee	2-Point Deduction
<b>June 23<sup>rd</sup> 12 Noon</b>	Unlimited Changes			
<b>June 23<sup>rd</sup> After 12 Noon</b>	All position changes	Change 1-10	Change 11 +	
<b>After June 25<sup>th</sup> 12 Noon</b>	All position changes (lower DD prevails)			All changes (except position change)

- e) In the event that a sheet is incorrectly filled out and is not noted or corrected by the Meet Director or his/her agent and the competition has begun, the dive found to be out of order shall be scored as a balk (a two [2] point deduction from each judge's award), and all other dives shall be rearranged to conform with the proper order of dives.
- f) A diver cannot unduly delay the event. The Referee will announce a three (3) minute completion time of a dive. If it is not executed within that period, the dive will be considered failed.
- g) Any changes in line-up after the meet starts will result in the dives being counted as exhibition.

## **Appendix A Cont'd**

### **Computing a Diving Score**

- Judges:** There may be three (3), five (5), seven (7) or nine (9) judges.  
Each judge's score is recorded on the score sheet.  
An equal number of high and low scores are canceled so that there are three (3) scores remaining. If there are three (3) judges, no scores are canceled.
- Totaling:** The three remaining scores are totaled.
- Computing:** The total raw score is multiplied by the degree of difficulty of the dive.
- Adding:** The total score of the dive is added to the previous scores to maintain an accurate running score.

### **Running A Scoring Table:**

1. It is best to run a scoring table at which there is at least a back-up checking system.
2. For a back-up system, seven (7) people are required:
  - An Announcer
  - Two (2) Recorders
  - Two (2) People to Total and Compute
  - A Master Scorer
  - A Reconciler
3. For a dual meet, single score sheet table, five (5) people are suggested:
  - An Announcer
  - A Master Scorer/Reconciler
  - A Recorder
  - A Total and Compute Person
  - A Ribbon Writer

## **Appendix B**

### **Guide to Numbering Dives**

Dives are numbered first by categories:

100	Forward dives
200	Backward dives
300	Reverse dives
400	Inward dives
5000	Twisting dives

In the four directional categories (100 - 400), the final digit gives the number of ½ somersaults:

103	Forward 1 ½ somersaults
205	Backward 2 ½ somersaults
302	Reverse 1 somersault
403	Inward 1 ½ somersaults

In the twisting category, the first digit, 5, indicates a twisting dive; the second digit indicates the directional category; the third digit indicates the number of ½ somersaults; and the fourth digit gives the number of ½ twists:

5111	Forward (2 <sup>nd</sup> digit) dive (3 <sup>rd</sup> digit) ½ twist (4 <sup>th</sup> digit)
5132	Forward 1 ½ somersault, 1 twist
5333	Reverse 1 ½ somersault, 1 ½ twists
5231	Back 1 ½ somersault, ½ twist

There are letters that are used in competition to designate position:

A)	Straight position
B)	Pike position
C)	Tuck position
D)	Free position

So, 201 B      Back dive, pike position

There is a sixth grouping, the armstand dives, done from the towers, where the 6 indicates an armstand and the 2<sup>nd</sup> digit (1, 2 or 3) indicates forward fall, back fall, or reverse fall and the 3<sup>rd</sup> digit gives the number of ½ somersaults:

So, 614      Armstand double somersault

## **Appendix C**

### **The Announcer**

From an administrative standpoint, the Announcer is undoubtedly the most important person in a meet. His/her speed will determine the speed of the meet, the attitude of the divers, and the response from the spectators. His/her knowledge (or lack of) will create an atmosphere of relaxed importance and can elicit either good or poor performances from the athletes themselves.

It is imperative that the Announcer not only be familiar with the various dives done in a contest, but he/she must also do some homework on the athletes and be able to pronounce the dives and divers correctly.

During the contest, the Announcer must be careful to be objective in his/her announcing. He/she must announce the scores for a poor dive in the same manner as a good dive.

The correct procedure for announcing a dive is to give the name of the diver and immediately follow with the dive to be performed (no affiliations or titles should be announced). If he/she is announcing from the Announcer's portion of the standard sheet, he/she will merely read the dive as printed and circled. If he/she is reading from the divers' score sheets, he/she should note carefully the dive and read it in correct order as described in the list of dives:

NOT: "Forward dive, 1 ½ somersaults, in pike, 1.7"

BUT: "Forward 1 ½ somersaults pike, 1.7"

After reading the dive, the Announcer should mark somewhere on the sheet that specific dive has been announced and performed, in order to prevent re-reading or listing the place and announcing an incorrect dive.

Immediately following the performance of the dive, the Announcer will glance at the Referee to make sure that no mandatory deductions are to be made and call for the "AWARDS." He/she will read the awards of the judges, once all judges cards are shown, in order of their presentation and will continue to read in the same order for the duration of the contest. At no time should he/she change the order of the scores.

If the Referee instructs him/her to deduct two (2) points from each judge, the Announcer will note each judge's award and mentally deduct and announce the resultant scores. Thus, the score sheets will not indicate any deduction.

**REMEMBER:** The Announcer makes the meet move and function smoothly.

### III. ERRORS/CHANGES

#### 1. Score Sheet

- A. If an error is found on a diving sheet, the diver may do the following:
  - i. perform the dive as listed
  - ii. change the dive and take a 2 point deduction
  - iii. positions can be changed and the lower DD will prevail.

If a 103B is changed to a 103C, the DD will change from 1.7 to 1.6. However, if a 103C is changed to a 103B, the DD will stay as 1.6.

- B. If an announcer error occurs, the diver may immediately repeat the correct dive, as listed on the diving sheet.

#### 2. Dive Order

- A. If a dive is discovered out of order prior to the execution of the dive, it should be corrected with no penalty.
- B. If a dive is discovered out of order after the execution of the dive, it will be considered failed and put in the correct order.

### IV. MEET PROCEDURES

1. Diving order in dual meets requires the visiting team to choose even or odd order.
2. Diving order in championship meets are decided by lot.
3. Meet postponement or cancellation is determined by each governing body.
4. Announcer shall announce only the diver's name, dive number, position, description, and degree of difficulty.
5. A diver not present to perform the first dive in the list will be disqualified.
6. Divers may not take practice springs on the board during a contest.
7. A diver may elect to take a zero on any one dive and remain in the contest.
8. Once a dive has been announced, the diver has 3 minutes to perform the dive before delay of meet is called and the dive is failed.
9. It is the diver's responsibility to correct any announcer errors.
10. "Calling" a diver or any other assistance in a competition results in a failed dive.
11. The referee(individual or committee) should be decided before the meet starts.
12. When judges change, the change should take place at the end of an age group or round

### V. METHODS OF MARKING

1. Three, five, seven, or nine judges may be used in meets.
2. Most recreation meets have three judges, but 5 is recommended.
3. Judges shall be placed with a profile view and may be divided on either side of the pool.
4. Judges should not discuss their score before awarding a diver.
5. Calculating a divers score is done in the following manner:
  - A) Add the judges scores(with 5 judges, the highest and lowest scores are discarded and the middle three scores are added)
  - B) Multiply the sum by the degree of difficulty for the total for that dive
  - C) Add total to running total of all dives.

Example: Dive 103C is performed with a DD of 1.6.

The judges scores are as follows: 4 ½, 4, 4, 4 ½, 5

The 5 and one of the 4's would be discarded and the remaining scores would be added (4, 4 ½, 4 ½ =13 points)

13 points multiplied by the DD would be 20.80(13 x 1.6=20.80)

20.80 would be the point total for this dive and added to the running total

VI. SCORING THE DIVE

1. Starting position on a front takeoff is when a diver is ready to take the first step.
2. A diver should show control before beginning a back takeoff.
3. On a back takeoff, the divers arms may be up or down depending on their choice.
4. If the diver makes an obvious attempt to start the approach or press and stops, a balk will be declared.
5. A balk is a 2-point deduction in each judge's score, when the scores are announced.
6. If a diver balks twice on the same dive, a failed dive is declared.
7. It is considered a failed dive if a diver falls into the water from the diving board, prior to assuming a starting position on all dives except jumps.
8. If a dive is performed clearly in a position other than announced, the referee shall instruct the judges to award no more than 2 points.
9. If a dive is performed in a broken position, the referee shall instruct the judges to award no more than 4 ½ points.
10. Upon request by the diver, the referee may authorize having a spoiled dive repeated when, in his/her opinion; the execution of the dive was influenced by exceptional circumstances and the request was made immediately following the spoiled dive. It must be requested before the next diver has performed their dive.
11. When judging a dive, only the dive is to be considered without regard to aspects prior to the starting position.
12. When judging a dive, judges shall not consider a diver's actions beneath the surface of the water.
13. When judging a dive, judge the entire dive and not just the entry or splash.
14. Any dive can be done from a standing position. It should be judged accordingly.
15. A take-off for the hurdle from both feet shall be declared a balk.
16. The diver should not rock the board excessively or lift his/her feet from the board before take-off. For such a violation, the judges shall use discretion when deducting points from their award.
17. If a diver hits the board or dives to the side of the board, the judges shall use discretion when deducting points from their award.
18. In a head first dive, if any part of the body below the waist enters the water before the head or hands or at the same time, the referee shall declare a failed dive.
19. In a feet first dive, if any part of the body above the waist enters the water before the feet or at the same time, the referee shall declare a failed dive.
20. In a forward dive layout, the body should remain straight with no bending.
21. In dives with twists, the twist must not occur prior to leaving the board.
22. It is a failed dive if the amount of twist is greater or less than that announced by 90 degrees.
23. On front and/or back jumps the divers arms may be up or down.
24. On feet first dives, arms should be by the divers side when going into the water.
